Excellent characters and ambience. It is a nice ride for newcomers.. 1/10 How is this even remotely acceptable?!?!? A 20 minute game at full pice.. Excellent characters and ambience. It is a nice ride for newcomers.. HG is AWESOME. The price might be a little high if you're buying for just yourself (not a huge amount of replay value), but if you're buying this to have something "spooky" in your library for visitors or parties, it's well worth it. Think of this like you would think of a ride through Disney's Haunted House. It's on rails, but that's what this is: a VR amusement park ride. Thought of this way, 20 minutes isn't

bad. Nothing graphic here.even a bit of humor. A few scary moments, mild for adults, but ok even for younger kids who consider themselves brave. As others have said voice acting is very good, and the boat ride reminded me a little of the boat ride in the old Willy Wonka. I would like to see just a bit more fleshing out. Perhaps more spooky things going on in the background, variety and animation of ghosts, and maybe a bit more atmosphere in the sound. But these are relatively minor things.. Haven't played it through yet (managed to trigger the ship captain's trip twice by accident so stopped). This is a wonderfully made experience. The characters are gorgeously made, their animation wonderful, and their voice acting superb.. Yeah. \$6 is a bit much for this ride, but it is certainly well made! At most, I would have liked a few skeletons jumping out or something. it was very tame, but beautifully made. Honestly, it was like a relaxing stroll through a victorian graveyard.. I didn't expand/read the description fully and wasn't aware this isn't much for interactivity but I enjoyed it nonetheless. The environment is beautiful and for the price, a decent VR walking simulator sounds about right. EDIT: I should clarify I got this on sale.. Excellent title to own for "show and tell". The animation, graphics, audio acting, music is all of excellent quality. Very short, very good for the family. Reminds me of that haunted house in disneyland.. It basicly is like a half an hour disney ride. There's singing, jump scares and good humor! I can highly recommend this game to anybody he wants a good giggle and scare.
